Re: More Information Required for Temporary Cessation Notification, Canyon Fuel Company, LLC, Banning Loadout, ACT/007/034, Outgoing File

Dear Mr. Olsen:

The Division received your notification on March 7, 2000 that the Banning Loadout will be indefinitely idle as a coal loading facility. This site, however, will be maintained for storage of mining equipment as provided for in the Mining and Reclamation Plan.

The notice, however, did not include all of the necessary information as required by R645-301-515.320 and R645-301-515.321. Please identify all of the environmental monitoring (water monitoring, quarterly and annual sediment pond inspections) that will continue during this temporary cessation. Please submit this information by April 28, 2000.

If you have any questions, please call me at 801-538-5268.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Pamela Grubaugh-Littig'.
